FINE ART

THE ART OF COLLECTING

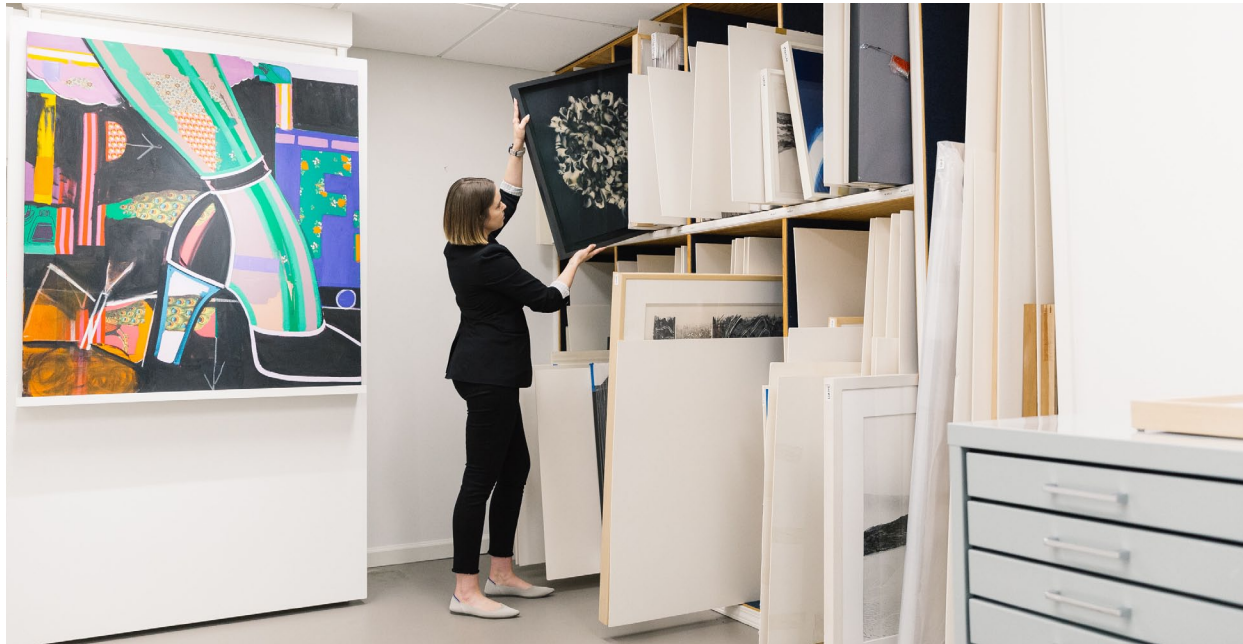

Ronnen Fine Art is passionate about introducing clients to the world of **collecting contemporary art**. We bring more than 40 years of experience to this mission. Whether you are new to the field or an experienced collector, we will guide you with individually tailored, objective, and professional advice that reflects our full expertise.

We ensure early access to the highest quality material through our long-established relationships with galleries, museums, artists, and curators worldwide. To educate and guide client purchases, we stay up-to-date on art market trends, regularly survey gallery exhibitions and auctions, attend fairs, and keep up with trade publications.

Discretion, privacy, and trust are key components of our practice.

Along with **art acquisition**, we advise clients on the following:

- Framing, installation, transportation, and storage
- Insurance & appraisal
- Museum loans and donations

We also offer private, curated tours of fairs, galleries, museums, & artist studios.

Ronnen Fine Art works with individual collectors, institutions, corporations, architects, and designers.
